Explore mountainous slopes and banana groves in the heart of Africa with our [Limited Edition Burundi Coffee Tour by Olympia Coffee Roasting](#). We've hand-picked three coffees that'll delight your palate with sweet brown sugar, fresh baked fruit cobbler and honeyed marmalade.

These coffees tell the life-changing story of one family's dream to transform the coffee industry in one of the poorest countries. The Long Miles Coffee Project's dream is to create relationships between coffee farmers and roasters like

Olympia Coffee Roasting. [Learn more about their amazing journey and the Burundi Coffee Tour on our blog.](#)

We challenged Gail to try three new coffees from Limited Edition Burundi Coffee Tour with not one but three AeroPress Coffee Makers! Enjoy these three amazing, full-bodied coffees from Olympia Coffee Roasting while they're in season (and could somebody get a scone for Gail, please).
